## Purpose

For over 20 years, Grace Christian School has been dedicated to providing a sound academic education integrated with a Christian view of God and the world. According to God's Word, Christian parents are responsible for the education of their children. Partnering with parents and local evangelical churches, Grace Christian School encourages their students to reach their full potential in the areas of spiritual, intellectual, social, emotional, and physical growth.

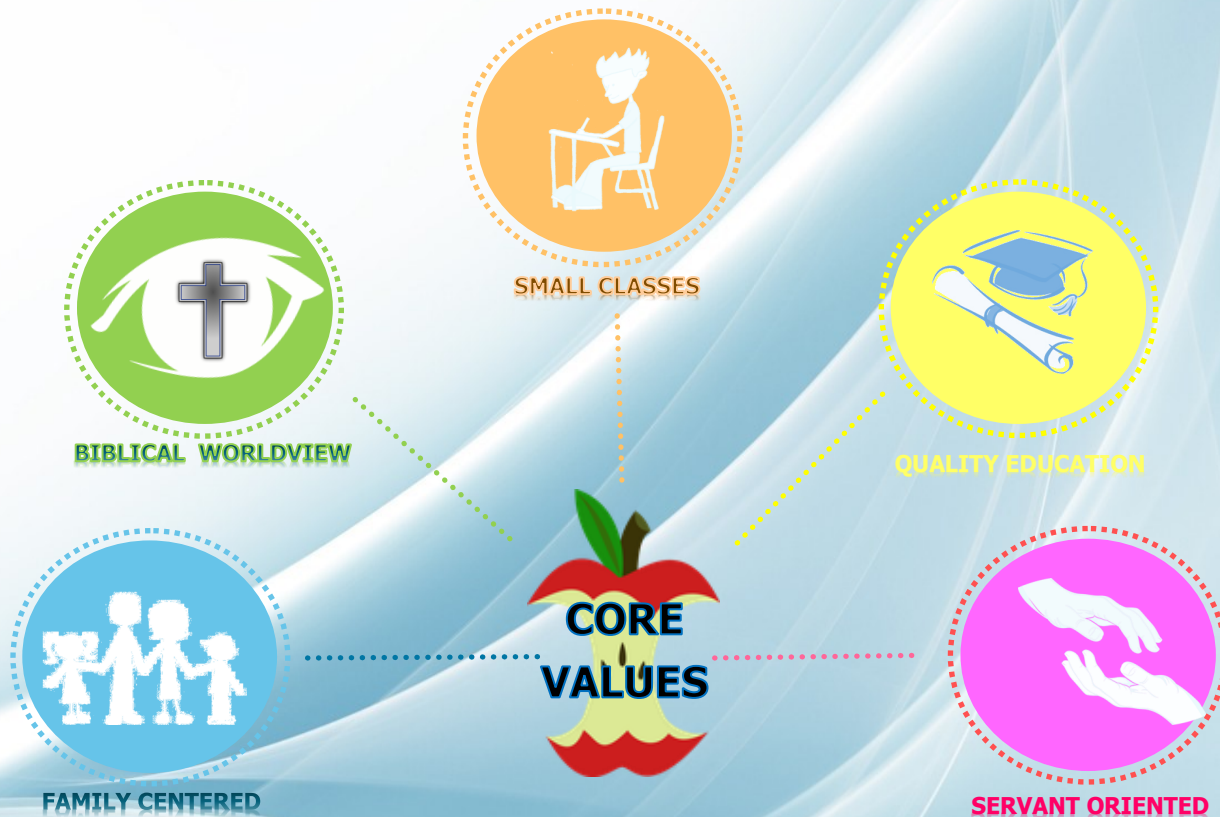

## Mission Statement

GCS specializes in training young people to be Bible and Christ-centered believers. Staff members model Christian conduct and support the understanding that all truth is God's truth, including all academic areas, and that Jesus Christ is to be central in all learning and living situations.

"It is the desire of each of our faculty and staff members to see that each of our students receives Christ as his/her personal Savior, to be conformed to the image of Jesus Christ, and to allow each child to go into the world equipped to serve Him."

~Mrs. Edwards/Head of School~

"The most important and lasting impression Grace Christian School left on me was the integration of faith into education. Not only did GCS set me up to succeed academically, but I was (and still am) able to maintain my Christian character and faith despite constant pressure from a secular world."

~Brandon Petras/Former Student~
